📅 17 May 1996

An adaptable and responsible individual seeking a position in logistics or business development to utilise, improve and expand my management, sales and logistics skills acquired from education and experience as a consultant in the past.

Eager to learn, I pick up new skills with relative ease and always strive to achieve the very best results. I believe in effectiveness first, efficiency second. I have a clear, logical mind with a practical approach to problem solving. I leave no pebble unturned to solve a problem. I enjoy working on my own initiative or in a team. I am reliable, trustworthy, and hardworking.
